PROFILE

Software Engineering Intern at Scanerio and third-year B.Tech AI/ML student (graduating 2028). Build across APIs, frontend/backend systems, automation, databases, and client web applications. Experience in hackathon prototyping and Java application development.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, PHP, HTML, CSS

Frameworks & backend: React, Next.js, Node.js, Express, Flask/Django, REST API development

Data, cloud & tools: MySQL, Firebase, AWS fundamentals, cloud security basics, Git/GitHub, DevOps principles

EXPERIENCE

Software Engineering Intern | Scanerio.com | Mar 2026 – Present

Remote • New Mexico, USA

- Contribute to frontend and backend features, API development/integration, workflow automation and bug fixes.
- Work with databases and support maintenance and troubleshooting across the application stack.

Java App Developer | ShadowFox Web Development Company | May 2024 – Jun 2025

Tamil Nadu, India

- Developed Java-based applications with an emphasis on intuitive graphical interfaces and end-user usability.

SELECTED PROJECTS

Automated Security Gate | React, Node.js, Firebase, ESP32-CAM — Created a resident guest-entry portal and an IoT access-control prototype; resume documents camera-based license-plate recognition and Firebase validation.

Ghanshyam Property & Finance | Client project — Built a real-estate website with property browsing, enquiries and administrative workflows.

SPG – Flexible Stays | React, TypeScript, Node.js, Express — Developed a client accommodation website MVP with owner-directed WhatsApp enquiries.

Quorum | Next.js, TypeScript, Hackathon — Built a group movie-selection web app to help friends agree on one film.

CoffeeMania | Next.js, TypeScript, 3D web — Built an interactive coffee-themed website as a college mini project.

EDUCATION

B.Tech, Artificial Intelligence & Machine Learning | Expected 2028

Shri Bhagubhai Mafatlal Polytechnic & College of Engineering, Mumbai • Third year

Diploma, Computer Engineering | Jan 2025

Shri Bhagubhai Mafatlal Polytechnic & College of Engineering, Mumbai

LEADERSHIP & CAMPUS INVOLVEMENT

Treasurer, ERAC (Robotics Committee) — Responsible for committee financial activities.

Technical Head, Chanakya Committee — Coordinated technical responsibilities and activities.

Design Head, Enigma 24 — Led event-related design work during diploma studies.

Committee Member, Spectrum 2.0 — Supported the CSE inter-college hackathon during diploma studies.

HACKATHONS & CERTIFICATIONS

Hackathons: Participated in six, including Smart India Hackathon (donor–NGO prototype), LOOP 2.0, Ignite IT 2.0, Spectrum 2.0, Code Forge 2026, and Horizon 2026.

AWS training (Aug 2026): ML & AI Fundamentals; Command Line Basics; Cloud Security Essentials for Executives; Foundations of ML Basics.
